

for developers

WHAT IS PROCOREM?

Procorem is the first collaborative portal built from the ground up with the affordable housing industry in mind. Developers and PHAs can benefit from having better streamlined and comprehensive processes management for supporting submissions and program compliance.

HFAs and Syndicators benefit from Procorem's use as the official method of communication for application submissions and investor reporting.

HOW CAN YOU USE PROCOREM?

- Deal Management
- Project Coordination
- Document Collaboration
- Audited Communication
- Investor Reporting
- Construction Management

What People Are Saying

"The implementation of *Procorem* has been a complete success. Procorem has *reduced* team stress, cut down on travel, and allowed us to conduct file inspections in the office. Finally, Procorem will completely cut out the use of paper based products increasing overall *cost savings* and helping the environment."

- Craig Salminen, Kansas Housing Resources Corporation

Company Overview

Procorem was built by ProLink Solutions, a technology provider with over 15 years of experience delivering enterprise grade software to the affordable housing, financial and real estate industries.

Take Control with Procorem

All your deals in one place

Procorem allows you to store, share, and collaborate on all your development deals in a secure, digital location. Everything's in one place so information is easily accessible to both internal and external parties.

Your portal for all project participants

Create a secure portal for sharing operating budgets, financial reports, streamline contractor communications, manage application submission, and control the flow of information for all your projects. All activity is audited and recorded to create a living project history.

Complete task management

With Procorem, easily manage all the complexity of your development project with our templated WorkCenter structure. Assign tasks to multiple parties, manage document and project approvals, organize your development project in specific stages and notify all parties when tasks are coming up, past due or are ready to be worked on!

Secure storage

Procorem delivers secure cloud storage for all your information. Control who is invited to each 'WorkCenter' and each file is individually encrypted to ensure your data never ends up in the wrong hands.

Mobile and accessible anywhere

Whether on-site, in front of potential investors, at the office, or working from home, all your project information is at your fingertips. Procorem is completely mobile and can be accessed from your phone, tablet or computer without the need for downloading separate apps.
